

**NAME**

utmp – user information

**DESCRIPTION**

This file allows one to discover information about who is currently using UNIX. The file is binary; each entry is 16(10) bytes long. The first eight bytes contain a user's login name or are null if the table slot is unused. The low order byte of the next word contains the last character of a typewriter name. The next two words contain the user's login time. The last word is unused.

This file resides in directory /tmp.

**SEE ALSO**

/etc/init, which maintains the file; who(I), which interprets it.
